Welcome Back Musicians!

Thank you for coming back to our 2022-2023 season! We are looking forward to another exciting season of music making.

We are currently working on our Covid-19 protocols for members, but we plan to keep the same requirements as last spring (initial vaccine plus the first booster). We suggest that members wear a mask when we are not making music and not to come to a rehearsal if you are not feeling well. Our primary concern is to protect all of our members and keep everyone safe.

We are seeking help from everyone to gather advertisements and sponsors for our program this year. The support from local businesses and the community help keep our organization running.
